6:01 pm Discussion

- Discussions regarding the potential to raise money to help fund this project.
- Kaestle Boos Associates, Inc. sent over a Revised Feasibility Study Proposal.
- There are four steps on the proposal:
 - Manpower & Response Study
 - Revised Space Needs Program
 - Site Analysis
 - Opinion of Anticipated Total Project Costs
- Discussion on the necessary steps when a location hasn't been selected.
- We had a Manpower Study completed in 2012.
- What are the options for renovating Stations 1 and 2 instead of building a new station.
- Discussion about getting a site analysis completed for the land we own, what's the possibility?
- If we drop to two stations, our ISO rating and response times will change.
- We need to get pricing to renovate.
- We would like to request \$100,000.00 at the District Meeting to cover all studies and projected expenses for renovations of two Stations. This amount does not include the actual renovations price.

6:45 pm Vote on Proposal

- Motion to accept the Proposal. Motion by Joyce Bacchiocchi. Second by Alan Slavin. Voted 9-0-0
